## **China (People's Republic of)**

*Updated on 16/03/20*

The epidemics control on domestic cases is stabilising in China, but the Government is maintaining stringent measures to avoid cases imported from foreign countries.

Overview of the situation at land borders:

- All borders from China side remain open for now, but Kyrgyzstan and Tajikistan borders remain closed on their sides,
- At borders with Kazakhstan, from China side, no compulsory quarantine requirements on non-Chinese truck drivers entering into China, but regular business operations have been severely affected:
  - o Alashankou BCP has resumed TIR transport since February, the operations are normal,
  - o The auxiliary services in Khorgos have shown signs of re-opening for business. However, due to the control measures applied in Kazakhstan, very few operations are taking place,
  - o no operation is reported at Baketu BCP, as non-Chinese drivers are not willing to enter into China due to the control measures applied in Kazakhstan.
- At Erenhot, bordering Mongolia, freight operations are possible, but normal operations have been severely affected. Quarantine measures are compulsory for all those entering into China. Truck drivers are exempted from the quarantine control,
- At Manzhouli, bordering Russia, freight operations are possible, but normal operations have been severely affected. Quarantine measures are compulsory for those entering into China from 34 countries. Russian drivers are exempted from the quarantine control.

## **Poland**

*Updated on 18/03/20*

- **Restrictions**

On 13 March, the Prime Minister of Poland announced a “state of emergency”. In addition to measures to limit public gatherings, the government announced that border controls will be temporarily restored from 15 March (00:00) for 10 days (renewable). During this period:

- Foreigners will not be allowed to enter Polish national territory. All air traffic and train movements coming from abroad will be temporarily suspended.
- Polish citizens and foreigners working in Poland that are returning from abroad must undergo a two week quarantine period.
- National bus, air and rail transport will operate normally.
- International road freight transport is not included in these restrictions. Borders remain open to the flow of goods and truck drivers operating international road freight will not have to comply with the two week quarantine period. The list of border crossing points open during this period is available [here](#).

Please also be informed that truck drivers entering Poland have to complete specific forms. Templates of these forms are available in English, Russian and Ukrainian [here](#). To accelerate the completion of the border checks, it is recommended to complete these forms before reaching the borders.

Health checks are also taking place at border crossing points. Drivers with a temperature of above 38 degrees will automatically undergo a medical examination and will not be able to continue driving.

Due to the volume of traffic, the waiting times at borders will be significantly longer. The updated border waiting times can be found here: [www.granica.gov.pl](http://www.granica.gov.pl).

- **Relieves**

The Polish Minister of Transport has introduced a temporary relaxation of the enforcement of driving and rest times for drivers performing international road transport of passengers and goods. This exception applies from 18/03/2020 to 16/04/2020. Measures lifted are the following:

- Daily vehicle transport time cannot exceed 11 hours.
- The weekly transport time of the vehicle cannot exceed 60 hours.
- The total transport time of the vehicle over a consecutive two week period may not exceed 96 hours.
- After a five and a half hour period of driving, the driver shall be entitled to a continuous break of at least forty-five minutes.

Due to the extended transport time of the vehicle, from 9 to 11 hours, no derogations will be applied on daily and weekly rest periods.

## **Slovenia**

*Updated on 15/03/20*

Slovenia is blocking foreign trucks over 3.5t that need to transit the country. The only trucks allowed to cross the border are those having to unload goods in Slovenia (final destination), or if trucks are loaded with postage, medicine equipment or pharmaceutical products and humanitarian help.

Slovenian-Italian borders are also closed for passenger transport by train, and international occasional and regular bus services.

On March 14<sup>th</sup>, authorities of Slovenia and neighbouring countries agreed to create convoys of passengers and freight vehicles to solve the issue of long queue of vehicles being blocked at the

borders. First convoys took place on Saturday and others are planned to take place to let buses with foreign nationals and trucks get back to their countries of origin. A political agreement have been found with the authorities of Croatia, Serbia, Bulgaria, Romania, Turkey and Ukraine (available information [here](#)).

Within the country, transport of goods is allowed for: mail service, medical supplies, and philanthropic assistance.
